

Finance Internship (100%)

Location: Zurich, Switzerland

Employment Type: 100%

ZuriMED Technologies AG is an innovation-driven Swiss company based in Zurich that spun off in 2015 from the Laboratory for Orthopedic Biomechanics at ETH Zurich. As an innovation engine with a dynamic management team and a Board of Directors of world-leading scientists and clinicians, ZuriMED's strength is to think outside the box and develop disruptive technologies that address unmet clinical needs. At ZuriMED, we look for a dynamic and highly motivated student to join our finance team. If you are interested in being part of a Medtech start-up and obtaining a first insight into the product development process, this is an excellent opportunity

Main responsibilities:

- **Financial Management:** Support invoice processing, account reconciliation, record keeping, and other day-to-day finance activities
- **Reporting & Analysis:** Assist in the preparation of financial reports, perform budget versus actual analyses, and support market and financial research activities
- **Financial Modeling:** Contribute to financial forecasting, budgeting exercises, and financial modeling projects while maintaining accurate financial data
- **US Operations & Administrative Support:** Assist with financial and administrative processes related to US operations, including invoicing support, account setup and maintenance, documentation management, and coordination with external partners and service providers
- **Collaboration:** Work with cross-functional teams to support project-based financial analyses and business initiatives
- **Learning & Team Support:** Provide support across finance and business operations while gaining hands-on experience in financial management, strategic planning, and the medical technology industry

Qualifications:

- Bachelor's degree in a financial field
- German is optional, but English proficiency is required
- Excellent technical writing and communication abilities
- Desired knowledge of basic accounting and finance, along with practical experience with accounting software such as Bexio and Microsoft Excel
- Ability to handle delicate and highly confidential data
- Availability to work on-site and remotely

What we offer:

- Possibility to work on-site and remotely
- Flexible working hours
- Dynamic work environment
- Inclusive, diverse, and young team
- Opportunity to take on significant responsibilities

Start date: August 2026**Duration:** : 6 months

Have we caught your attention? We are looking forward to your application!
Please send your CV to **catherine.marcelo@zurimed.com** until **08.07.2026**
